

17/250

22 April 1958

MEMORANDUM FOR: C/TSS/PSD

SUBJECT

: Battery Charger for Project P-125D - 35 mm Time

Lapse Camera

1. In accordance with telephone discussion this date between and yourself, the question of a suitable battery charger for the above unit was clarified.

25X1

- a. To operate from 110 and 220 volts AC
- b. To operate from 50 to 60 cycles AC
- c. Not to include DC in the charger
- 2. By eliminating DC from the charger reduces complexity of design, and increases reliability and simplicity.
- 3. If this is your understanding of the above telephone conversation, we are ready to proceed in supplying a suitable charger for this unit.
